A Table collected of the yeares of our Lord God, and of the years of the Kings of England, continued from the first yeare of *William* the *Conqueror*, vntill the fifty yeare of our soueraign Lord, Iames by the grace of God, King of great Brittaine, France, and Ireland shewing how the yeares of our Lord God, and the yeares of the Kings of this Realme concurre and agree together: by which Table it may quickly be accounted how many yeares, monthes, and dayes be past since the making of any Euidences, Instrumentes, &c.

Written by WILLIAM RASTAL, *and now newly corrected and augmented.* 1607.

Robert Selbie.

At London
Printed by W. I. for Thomas Adams, and are to be sold in Paules Church-yard, at the signe of the white Lion. 1607.

An instruction to the Reader, for the vnderstanding of this Table.

THe first number before the Month of March, sheweth ẏ beginning of the yeares of our Lord God, which after the computation of ẏ Church of England (by which this Table proceedeth) beginneth the 25. day of March.

The second number following the monthes, sheweth the day of the Month, in which euery yeare of the raigne of euery King began.

The third number sheweth the yeares of euery King.

As for example, the first number before the first month of March, sheweth, that the yeare of our Lord God 1067. being the 25. day of March, and so forth euery yeare of our Lord God.

The first two numbers following the first moneth of October, shew that the 14. day of October, in the yeare of our Lord God 1067. began the first yeare of the raigne of King William Conquerour.

The second 2. numbers following the second Month of October, shew that the 14. day of October, in the year of our Lord God 1068. began the second year of the raigne of King William Conquerour.

The two numbers following the Moneth of September, in the yeare of our Lord God 1087. shew that the 9. day of September, in that yeare of our Lord God 1087. began the first yeare of King William Rufus.

And the two numbers following the moneth of September, in the yeare of our Lorde God 1088. shew that the 9. day of September in that yeare of our Lord God 1088. began the second yeare of the raigne of King William Rufus.

And thus shall you by this Table knowe in what yeare of our Lord God, and yeare of the raigne of any King of England, since the Conquest began.

And thereby shall ye readily try out, in what year of our Lord, and in what month any Euidences, Instruments or Writings were made that haue the dates of the yeares of the Kings raignes, and not the dates of the yeares of our Lord God.

And likewise by this Table shall yee quickly collect and account how many yeares, monthes, and dayes be past, since the making of any Euidences, Instruments, or Writings that haue the date of our Lorde God, or the date of the raigne of the Kings of England since the Conquest.
